Note

Ref – Letter No. 4031/296 dated 24th February 1892, from the Inspector General of Police in Mysore, regarding supply of clothing to the detective Police at the Kolar Gold Fields.

In the above, the Inspector General reports that the present Supdt. of Police of the Kolar Gold Fields considers that it is not advisable to clothe the detective Police like the ordinary police men and suggests that they should be given plain clothes. He further states that the Supdt. says that it was not possible to make an estimate of the clothing required and that if the whole amount provided for the purpose be placed at his disposal in a lump sum, he would from

from time to time such clothing as may be necessary. As this is not in consonance with the present practice which requires estimates and previous sanction before any expenditure is incurred, the Inspector Genl solicits instructions as to whether the lump provision may be transferred as suggested by the Supdt of Police. A sum of Rs 300 is provided in the Budget for 1901-1902 for ~~Equipt~~ "equipment and clothing" of the detective police at the Kolar Gold Fields, maintained from contributions by the mining companies.

Sir,

Out of the Rs 12,000 which the Kolar Gold Mining Board pay annually towards the maintenance of a detective staff, Rs 300/ are set apart for clothing that staff.— They were being hitherto clothed as other Police men; but the present Police Superintendent of the Kolar Gold Field stated that it was not advisable to clothe them like the ordinary police men and suggested that they should be given plain clothes. The Deputy Commissioner of Kolar agreed with him and so he was asked to send for sanction an estimate of the clothing he proposed to issue. In his reply No: 477 of the 20th February 1902, received with the Kolar Deputy Commissioner's

Enclosure No.

Sir,

In answer to your docket No: 250 dated 8.2.02, I have the honor to point out that it is impossible to frame a fixed estimate for clothing for the detective department for the year. A dedective department cannot possibly be worked on the hard and fast lines which are suitable, and necessary for any ordinary department. The men composing the detective force must of necessity be — occasionally - probably — frequently

frequently - changed; and they may belong to all classes of the community and require clothing etc of very various descriptions.

I have therefore the honor to request that in this matter, as in other matters connected with this department, I may be given discretion to act as may best suit the circum- - stances; and to purchase such clothing as may be necessary when occasion arises, subject only to the condition that the bridge estimate for clothing is not exceeded. This estimate appears in the scale of expenditure laid down in the order sanctioning the detective department.

I have Etc
